A Station-to-Station Call is one on which you ask to talk with anyone available at the telephone called and do not request a specific individual, department or an extension telephone

reached through a private switchboard.

A Person-to-Person Call is one on which you ask for a certain person, a department or extension telephone reached through a private switchboard.

To Obtain Numbers Not in Directory	"Information"
To Make a Long Distance Call	"Long Distance"
To Report a Telephone Out of Order.....	"Repair Service"

TELEPHONE NUMBERS FREQUENTLY CALLED

NAME _____

NUMBER

NAME _____

NUMBER

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf from an old book. The paper has a slightly textured appearance with some minor discoloration and faint horizontal ruling lines. The page is oriented vertically and appears to be part of a bound volume.

BUSINESS TRANSACTIONS WITH THE COMPANY

Business Office—510 5th Street. Hours—8 A.M. to 5 P.M. except Sundays and Holidays. At other times calls for the business office will be answered by a representative who will handle business requiring immediate attention and who will arrange for the handling of other business on the following business day.

Bills which are issued monthly cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill. They are due upon presentation. Payment may be made by mail or in person at the business office, or at the Coe Flower Shop, 2542 Lincoln Way.

Regulations and tariffs governing the furnishing of the various services by the telephone company are on file in the business office.

GENERAL INFORMATION

Service Can Be Suspended at a reduced rate and your number retained when you are to be away from your residence for an extended period. No charge is made to reconnect service.

Telegrams by Telephone—You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill. You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

Telephone Directories—The telephone company issues directories to assist it in furnishing prompt and convenient service, but it does not guarantee correct listings therein. The telephone company shall not be liable for damages arising out of errors in or omissions from its directories. As a matter of good service, the telephone company retains ownership of telephone directories.

Telephone Attachments—Attachment of auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any devices, not supplied by the Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The telephone company reserves the right to remove all such apparatus and devices.

LONG DISTANCE CALLS

To Make a Station-to-Station Call — Give the "Long Distance" operator the name of the town and the telephone number or street address of the person you are calling. A station-to-station call is one on which you will talk with anyone available at the telephone called. Charges begin when the number called has been answered and are based on an initial period of three minutes. Station-to-Station calls cost less than Person-to-Person calls.

To Make a Person-to-Person Call — Give the operator the town, the name of the person you want, and his telephone number or street address. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

Reduced Rates are in effect between 6 P.M. and 4:30 A.M. each week day and at all hours on Sunday, on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls, and in general, 50 cents for Person-to-Person calls.

To Reverse the Charges notify the operator when you place the call. There is no extra cost, except on Station-to-Station calls of 20 cents or less for initial period which take a higher rate when sent collect. When placing a collect call, the operator will ask the person you are calling if he will pay the charges.

Long Distance Conference Service permits connection to your telephone line of persons in different cities so that each can talk with the others. Just call "Long Distance" and ask for the Conference Operator.

International Telephone Service—Information on availability of telephone service to points in other countries and the rates applicable thereto may be obtained by calling "Long Distance." Some typical weekday rates for a three minute call are: To Argentina, Australia, Denmark, Italy, United Kingdom, \$12.00; Costa Rica, Dominican Republic, Colombia, Venezuela, and the U. S. S. R., Haiti, and Hawaii \$9.00; to Bahamas, Puerto Rico, Virgin Islands, and Bermuda \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Telephone Recording Signal—A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

It's the *Little Courtesies* that count

On party-line telephones, too, people remember the little courtesies you show them! It's courteous, for example, to hang up gently when you find the line in use, and give the other person a few minutes to finish the call before trying again.

And when you are talking on the telephone and realize that your party-line neighbor is waiting to make a call, it's courteous to hang up in a few minutes and free the line.

All this is so easy . . . and pays such big returns!

NORTHWESTERN BELL TELEPHONE COMPANY

THE WELCOME MAT IS ALWAYS OUT

Whenever you call or visit the telephone business office, you can be sure of this. The welcome mat will always be out. Whether you have a question about your bill, want additional service or have a complaint to make, you will receive the same friendly attention that you would expect from your neighbor next door.

Courtesy is a tradition in the telephone business—and is one more reason why you enjoy the best telephone service in the world.

NORTHWESTERN BELL TELEPHONE COMPANY

YOUR TELEPHONE SERVICE is "Made to Order"

● Your call may be to your next door neighbor, or to someone thousands of miles away. Every call is made to order to meet your need of the moment.

It takes a lot of people and a lot of equipment to handle your telephone calls. Your telephone instrument is only about six per cent of the equipment needed to give you service. The other 94% is buildings, switchboards, wires, cables and other apparatus — ready 24 hours a day, every day — to serve you.

NORTHWESTERN BELL
TELEPHONE COMPANY

Ames Civic Information

Historical

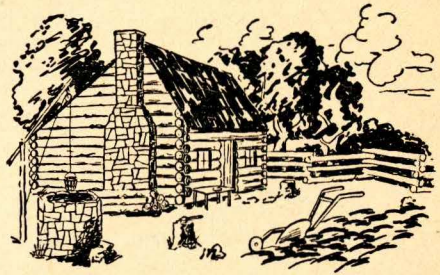

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and Northwestern Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and Northwestern Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 18 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callahan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as Pres-

ident. The present total value of land, buildings and equipment of Iowa State College is about \$17,500,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 23,105, including college students. At the time of incorporation in 1870, there were 656 residents.

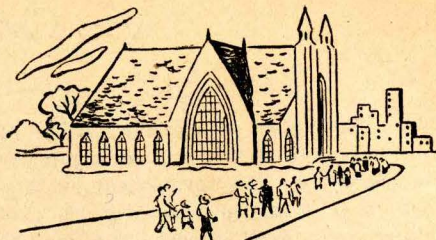

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and Northwestern Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service and the Midwest Airlines, Inc., located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State College, the Iowa State Highway Commission, Iowa Agricultural Extension Service and Soil Conservation Service.

Among recreation facilities in Ames are 4 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 3 golf courses, 2 swimming pools, the Ames Golf and Country Club, the Ames Municipal Airport with its midget racer track, 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

Some Facts About Ames

ALTITUDE—922 feet above mean sea level.

AREA—3,974 acres within corporate limits.

ASSESSED PROPERTY VALUATION—\$19,775,312.00 (January 1, 1949).

BANKS—Three with deposits of \$18,194,480.44 (June 1, 1950).

BUILDING & LOAN ASSOCIATION—One with resources in excess of \$3,750.00.

CHURCHES—18 churches serve the needs of many different faiths. A list of churches will be found classified by denominations in the Yellow Section of this directory.

CLIMATE—Average annual precipitation in inches, 30.75. Average annual snowfall in inches, 24.5. Average annual temperature (degrees Fahrenheit) 48.7.

COLLEGES—Iowa State College. Enrollment, 8,100.

GOVERNMENT—Council Manager Plan with City Manager, Mayor, and Six Councilmen, one for each of four wards, two at large.

HIGHWAYS—U.S. No. 30 and U.S. No. 69.

HOSPITALS—Mary Greeley Hospital. Rooms, 49. Bed capacity, 77.

HOTELS—Two hotels with 149 rooms and accommodations for 298 people.

LIBRARY—Ames City Library with one branch. Total volumes, 31,571, circulation 106,504.

MOTELS—Six.

NEWSPAPERS—Ames Daily Tribune and Iowa State Daily.

POPULATION—(1940 Census, 12,555). Unofficial 1950 Census, including College enrollment, 23,105.

POST OFFICE RECEIPTS—1949, \$317,866.40.

PUBLIC UTILITIES—Telephones in Service, 7,036. Meters in Service: Gas, 3,896; Electric, 5,662; Water, 3,902.

RADIO STATIONS—2—KASI and WOI. Television Station WOI-TV.

RETAIL SALES—1949, \$21,095,382.00.

SCHOOLS—11 public, 1 Parochial; Total enrollment, 2,448.

TRANSPORTATION—Chicago & Northwestern and Fort Dodge, Des Moines & Southern, Greyhound Bus Lines, Jefferson and Midwest Transit Lines, charter and airline service at the Municipal Airport, and intercity bus service.

HELPFUL POST OFFICE INFORMATION

Post Office—6th & Kellogg, Telephone 67

Your Telephone Company policy—the
best possible service at the lowest cost,
consistent with fair treatment of employ-
ees and financial safety.

Click.

When you are using your party-line
telephone, and the other party picks up
his telephone to make a call, you will
hear a faint "click." It is a polite signal
that the other party would like to place
a call. The friendly, considerate thing
to do at that point is to wind up your
conversation as soon as possible.

Full Value AND Continuous Circulation FOR Every Dollar You Spend!

That is what you get when
you advertise in the Clas-
sified Telephone Directory.

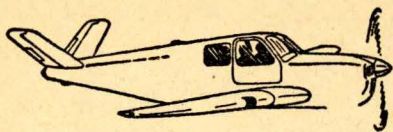

Through this medium you
can tell the buyer about
your product or service at
the time he is ready to
place his order.

AN Extension Telephone

can save you time and
steps — for only a few
cents a day. Simply call
your telephone business
office. Ask for full
details about another
phone for your home.

AMES AIRPORT

YOUR Telephone Service is "Made to Order"

Your call may be to your next door neighbor, or to someone thousands of miles away. Every call is made to order to meet your need of the moment.

It takes a lot of people and a lot of equipment to handle your telephone calls. Your telephone instrument is only about six per cent of the equipment needed to give you service. The other 94% is buildings, switchboards, wires, cables and other apparatus — ready 24 hours a day, every day — to serve you.

*Mr. Architect**Mr. Contractor*

An important feature of modern homes is concealed telephone wiring with telephone outlets in rooms where portable telephones can be plugged in. The cost of installing concealed service entrance and wall conduit is low if included when the home is being built or remodeled.

We will be glad to help you plan for modern home telephone facilities. Just call 40 and ask for Architects' Builders' Service.

BIG IN VALUE

...LITTLE IN COST

There is no way to reckon
 the full value of the tele-
 phone.

It helps with the shop-
 ping — runs downtown —
 calls a doctor — provides
 unlimited capacity for
 friendship, success and
 good times — enables
 every business to do more
 business, and do it better.

A fair price for tele-
 phoneservice is one which
 allows us a reasonable
 profit — one which will
 attract the millions of
 investment dollars still
 needed for improvement
 and expansion.

How Far is a Country Mile ?

Nobody seems to know,
for sure.

Years ago, a "country
mile" could mean two, three
or even four miles. It was
traveling time that counted,
not miles.

Today, miles mean even-
less. To rural and town
people alike, the telephone
has helped change our idea
of distance.

Today, if you want to
reach someone — across the
street, across the continent,
or on an adjoining farm —
that person is no further
away than your telephone.

equipment and plant back of each
telephone owned by the North-
western Bell Telephone Com-
pany in the state of Iowa.

WHY CONDUIT IS NEEDED FOR TELEPHONE WIRES

Telephone entrance conduit improves the appearance of a home. Tele-
phone conduit in walls provides for concealed wiring to telephone out-
lets in rooms where portable telephones can be plugged in.

Telephone service engineers will assist without charge in planning for
telephone conduit and wiring. Just call 40 and ask for Architects'
and Builders' Service.

POCKETBOOK VALUE *of your telephone*

No matter how important your call may be, you can hardly measure its full value by your pocketbook.

If we were to charge according to time, effort and steps saved—increased efficiency, or happiness or safety gained—few could afford telephones.

Actually, the cost of your call probably is only a few cents—and that's the remarkable thing about phone calls. Some are worth a lot—all cost so little.

But the price you pay must be enough to let us meet our obligations to all concerned—employees, investors and you.

**"JUST HOW SLOW IS SLOW"**

—we were asked recently. The questioner was referring to our advice about being quick to answer — and *slow* to hang up in placing a call. We've two answers. They're both good — so take your choice. (1) Wait about a minute before you hang up. (2) Allow the person's phone you're calling to ring about 10 times . . . Naturally, if it's your phone that's ringing, it's always best to answer as quickly as you can!

GOOD NEIGHBORS

Party line service is better service when there is
equal sharing of the line, and thoughtful cooper-
ation of all users.

Good neighbors are considerate of others.
They don't monopolize the party line by talking
longer than necessary. They answer their calls
promptly and don't interrupt the calls of others.

How Fast

should you speak
over the telephone?

Over the telephone it's especially important to speak slowly and distinctly. The listener does not have the help of watching your expressions and gestures as when face to face.

It helps to prevent talking too fast when you speak clearly in your normal conversational voice.

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2500

Emergency and Special Calls

FIRE (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and ask for "Long Distance")

Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a. m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 15.

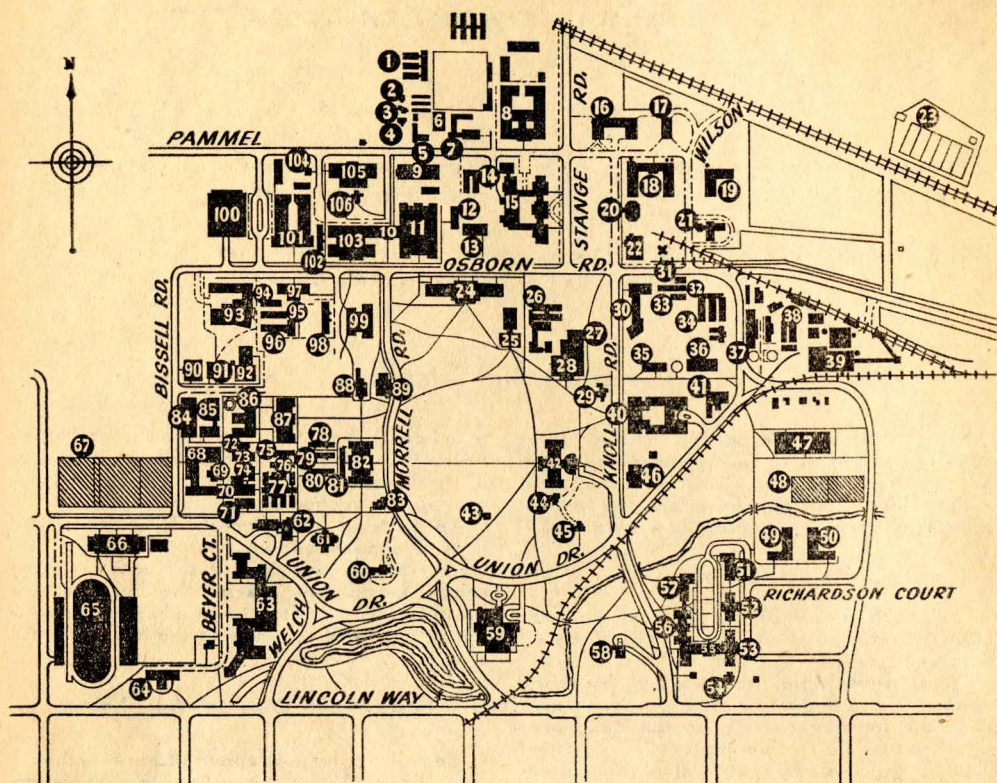

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

OUR POLICY

The policy of this organization, as a part of the Bell System, is to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

Operating under this policy, the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.
